

Mr. Hunter Skoog

Counselor

O hello there, my name is Hunter Skoog and I have been a part of Camp Raven since 2010. I started out as a CIT and when I was of age I became a counselor, now I can't imagine my summer without being a part of Camp Raven.

All of my camps are high energy and activity because it's more fun that way. I always carry around my boom box blasting music because music makes everything better. I love sports, so we will be spending a lot of time outside or in the green gym no matter the camp. Then as a relaxing time we will be watching the Women's World Cup this summer! GO USA! I try my best to keep all my campers engaged and entertained.
