## Counselor

---

I am very excited to be returning for my second summer as a counselor at Camp Raven. I attended Riverfield myself before attending Jenks where I graduated. I currently attend Benedictine College in Kansas where I play softball and study elementary education. I love any opportunity for travel or spending time with my family. For the weeks I will be missing from Camp Raven I will be in Florence, Italy for a summer study abroad program. I love being a camp counselor because I get the opportunity to create a fun summer for the kids but I also love it for what the kids end up teaching me. I can't wait to see with the summer holds!
