

Fred Jones

Counselor

CIT Training, Rock Climbing, Survival Skills, STEM, ACT Boot camp

Welcome to another year of discovery in Camp Raven. As a camp counselor, I look forward to the opportunity to take campers on adventures around our beautiful campus and beyond. This will be my 12th year as a summer camp counselor.

My educational background includes a Bachelor of Science degree in Industrial Engineering and Management and a Master of Science in Leisure Services with a focus on Outdoor Recreation, both from Oklahoma State University.

I am excited to again be offering off-campus trips for MS and US students where we will be going to the Wichita Mountains and the Ozarks for rock climbing, hiking, and camping. This past school year, I served RCDS teaching Physical Science (8th grade), Physics (11th grade) and Astronomy (12th grade), as well as assisting in Roots and Shoots and Industrial Arts.

I have three children: Tara, Grace, and Henry. When not teaching or spending quality time with my family, I like to seek out adventures off the beaten path, and in whichever direction the wind may blow or the river may flow.
