

Toby Clark

Counselor

I grew up playing every sport I could, but tennis was always my favorite. I began teaching tennis as a summer job in high school, and I estimate I have been involved with teaching and coaching tennis for almost 40 years. I have coached high school tennis for 28 years, and I am proud of the tennis program we have created here at RCDS.

Many of my school team players first learned tennis at my summer camp. At tennis camp we work hard each morning learning all of the fundamentals (serve, forehand, backhand, volleys, and overheads) as well as the strategy involved at the beginning levels. We do drills, learn to play points and games, and end the week with a mini-tournament on the last day. Tennis Camp is a lot of fun, and I look forward to another summer at Camp Raven.
